COLLEGE

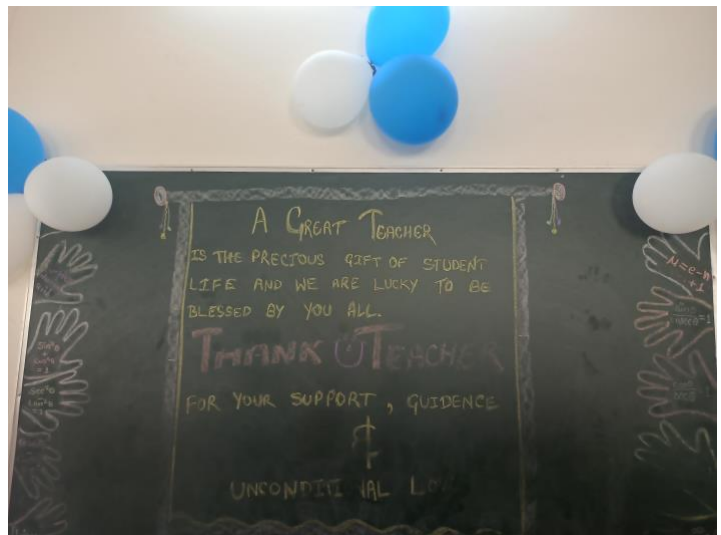

DATE- 09/04/22

MSc Mathematics final year students organized a wonderful event to express their gratitude toward their beloved teachers and to recall old memories with the Mathematical Department.

We invite our respected teachers and recall old and unforgettable memories of the last five years with them. The purpose of this event was that our teachers guide us that now what we can do in our future.

" A good education can change anyone, A good teacher can change everything! "

Thank you Teachers !

Blessed with our great teachers

Glimpse of the event
